

Gentle Exfoliating Cleanser

RECOMMENDED SKIN TYPES

DESCRIPTION

Gently cleanses and exfoliates the skin in a non-irritating cream base leaving the skin soft, hydrated, and rejuvenated. This cleanser contains Glycolic Acid 10% and pro-vitamin- b5 in a non-irritating cream base to gently cleanse and exfoliate the skin leaving it soft, hydrated, and rejuvenated. Glycolic Acid is a very well researched form of an Alpha Hydroxy Acid that helps shed dead skin cells providing a clear, renewed complexion. Sorbitol and Panthenol, known as Pro-vitamin b5, are humectants that attract and bind moisture into the skin. Collectively all of these ingredients work synergistically to provide an effective cleanser that cleanses, preps, exfoliates, hydrates, and balances the skin while remaining gentle enough for daily use.

BENEFITS

- ✓ Contains Glycolic Acid 10% to remove dead skin cells from the skin's surface effectively
- ✓ Helps prevent moisture loss from the skin's surface, resulting in a more radiant complexion
- ✓ Sulfate and paraben-free formula gentle enough to use twice daily

DIRECTIONS FOR USE

- Apply cleanser over dry skin, avoiding eye area. To remove, rinse with warm water and pat dry. Can be used twice daily or as directed by physician.

INGREDIENTS

- Water/Aqua/Eau, Glycolic Acid, Cetyl Alcohol, Sorbitol, Sodium Hydroxide, Steareth-21, Butylene Glycol, Phenoxyethanol, Potassium Cetyl Phosphate, Xanthan Gum, Ethylhexylglycerin, Palmitic Acid, Panthenol (Pro-vitamin B5), Disodium EDTA

INGREDIENT HIGHLIGHTS

- Glycolic Acid 10.0%, Sorbitol, Panthenol (Pro-vitamin B5)

DESCRIPTION

Moisturizer rich in peptides, ceramides, Vitamin E, and other skin-restoring agents formulated to fight against signs of aging and hydrate dry skin, restoring a youthful, healthy glow. This innovative moisturizer's five peptide complexes stimulate collagen production, repair visible skin damage, increase the appearance of skin's firmness and elasticity, and replenish the skin's surface to calm visible signs of sensitization. Also, ceramides present effectively improve the look and feel of dry, dehydrated skin, while Vitamin E protects the skin against environmental stressors and sun damage. This versatile product is ideal for use up to twice daily or as needed to restore hydration and fight against signs of aging within the skin.

BENEFITS

- ✓ Contains 5 peptide complexes to visibly improve signs of aging such as fine lines, wrinkles, elasticity, and increase the skin's firmness
- ✓ Contains 4 types of ceramides to effectively improve the look and feel of dry skin
- ✓ Powerhouse antioxidant Vitamin E combats environmental stressors that further enhance the aging process
- ✓ Numerous skin-soothing and restorative ingredients revive dull, dry skin

Firming Neck Cream

DESCRIPTION

Specifically formulated with the neck and décolleté in mind, Firming Neck Cream is an advanced, hydrating emulsion working to defy time and gravity to restructure, as well as tighten and firm the neck's delicate skin. This innovative product effectively brightens pigmentation related conditions, while minimizing fine lines and wrinkles. The numerous peptide complexes, that makeup the Firming Neck Cream, revitalize the skin by strengthening the building blocks responsible for keeping this skin intact. Peptides, found within the Age Reversal Neck Cream, work efficaciously to stimulate elastin and collagen, improving fine lines and wrinkles, laxity and texture of the skin. Other specialized peptides in this product effectively function as a firming agent to fight against skin sagging, improving resistance to gravity. In addition, a multitude of antioxidants, ranging from Vitamin E and other botanical extracts, protect against free radicals and sun damage. Firming Neck Cream works to increase the moisture levels, resulting in smooth, hydrated skin.

BENEFITS

- ✓ Contains a uniquely blended peptide complex that features a "Tretinoin-like" activity that promotes and enhances cellular regeneration without irritation.
- ✓ Repairs and strengthens the fragile dermal-epidermal junction, reducing the appearance of fine lines and wrinkles and uneven skin tone
- ✓ Provides an immediate and durable tightening effect
- ✓ Fights against skin sagging and improves resistance to gravity by stimulating elastin synthesis
- ✓ 79% Decrease in the length of deep wrinkles
- ✓ 43% Decrease in the depth of wrinkles
- ✓ 30% Decrease in skin roughness
